COMPARE: WISH <> CONFIGURATION WIZARD

WISH

Built in 2003 and displayed at boat shows then launched 2005.

Sailing area mainly North Sea, UK, Norway and France Atlantic coast.

This profile can be used as a reference test for a yacht equipped for offshore sailing

Configuration Wizard

Use this profile to review a standard set of components to quickly configure a monohull sailing yacht

| Comparison | Test item | Test condition | Configuration Wizard | WISH |
|------------|------------------------------|----------------|----------------------|--------------|
| ★ | CE / ISO 12215 Certification | A > B > C > D | C (6 People) | A (8 People) |
| ★ | Angle of vanishing stability | >= | 125 ° | 140 ° |
| ★ | Ballast ratio | >= | 35 % | 39 % |

Number of components
Configuration Wizard : 119

New features

Use the Configuration Wizard profile to configure your boat

Test profiles are being trialled and refined during July and August (in English). Use these to test and develop your boat profile

Note: The use of profiles do not limit the full responsibility of skippers in any way

WISH : 216
